1. [redacted] Comment. The previous assumption that the troop train [redacted] went from Tangerhuette to Hillersleben on 24 October, carried elements of the engineer battalion of the 19th Gds Mecz Div returning to the post from Bittkau, is confirmed to a certain extent by information in this report. The battalion is assumed stationed in the barracks installation at the western exit of Hillersleben.
2. [redacted] Comment. [redacted] the barracks installations in Gardelegen were occupied similarly as prior to the spring of 1953, i.e. the Fliegerhorst Kaserne by the 598th Mtz Rifle Regt and the 780th Gun Arty Regt and the Remonteschule by the unidentified motorcycle battalion, all of the 207th Mtz Rifle Div. [redacted] one Lieutenant Colonel Popov (fnu) as commanding officer of the unidentified motorcycle battalion in the Remonteschule; this Popov presumably is Popokov (fnu) mentioned in this report. The location of the 890th Engr Bn of the LXXIX Mtz Rifle Corps, which was also stationed in the Remonteschule prior to the spring of 1953, could not yet be determined.

- 25X1 3. [] Comment. [] the construction
25X1 of gun bunkers in the area southwest of Jaevenitz. The emplacements presumably
25X1 had still been occupied by the 693d How Arty Regt of the 207th Mtz Rifle Div
which, from there, probably left toward Stendal. []

25X1 []
a large part of the camp southeast of Jaevenitz had already been vacant on 13
25X1 October. It is possible that only small details remained there until mid-Novem-
ber. []

4. []

- 25X1 5. [] Comment. Tangermuende presumably includes only one military installation
northwest of the railroad station and bordered by Stalingrad Strasse and Goethe
25X1 Strasse and occupied by the 953d AAA Bn (US) of the 207th Mtz Rifle Div. []
25X1 []

- 25X1 6. [] Comment. The information fails to indicate any change in the occupation
